

HASSAN DISTRICT.

NOTICES.

The 7th October 1893.

Notice is hereby given to all the Inamdars of this District, who claim the Toddy revenue of their Inam villages, to appear in person or by authorized agents, before the undersigned, who has been deputed to settle such claims in this District, and establish their claims by documentary or other evidence within two months from the date of the publication of this notice, failing which their claims will not be recognized.

V. SRINIVASACHARLU,
Excise Asstt. Commissioner.

The 22nd day of October 1893.

It is hereby notified under the late Chief Commissioner's Notification No. 6, dated 17th April 1867, that on or about the 15th of August 1893, 12 Golden Pagodas or "Varahas," 187 Golden Fanams or "Hanas," a small piece of golden bar and 2 broken pieces of a brass vessel called lota, valued at about Rs. 185 were found buried in a building site in the Coffee Estate called Hidavanahalli Kenchi hittal, belonging to Mr. Brooke Mockette, of Abna Estate, in the Manjarabad Taluk of the Hassan District.

2. Any person or persons claiming the said Treasure or any part thereof are hereby required to appear personally or by Agent before the General Assistant Commissioner of the Hassan District at his office at noon on Wednesday the 3rd January 1894 in order that the matter may be enquired into and determined in accordance with the provisions of the said notification.

V. SRINIVASACHARLU,
for Dy. Commissioner.

3. " Kumbakone Subbannachar.
4. " Venkatasubbaiya, Inamdar, Member, (Reported sick).

I. The President explained to the Board that the Senior Surgeon having sent in lists of articles required for the various Local Fund Dispensaries in the District, costing Rs. 315 12 11, in order that provision may be made by the Board in accordance with Government Proceedings No. 4097-105—L. F. 284, dated 7th July 1891, one third of the total cost has been included in the Municipal Budgets sent to Government and Government has been asked to include the remaining 2rd cost in the District Fund Budget and read his letter dated 10th ultimo on the subject.

The board recognizing the necessity of the articles indented for by the Hospital Assistants and recommended by the Senior Surgeon, approved the action taken by the President in the matter.

II. Read the Proceedings of the South Mysore Planters' Association, dated 23rd March 1893, relating to the undermentioned subjects and resolved as follows:—

Demand of Precolonial Ferry Rates at Anjur Ferry.

Resolution.—The Secretary of the Association is informed that a representation in the matter may be made to the Kadur District Board, if considered necessary, as the Ferry lies within that circle.

Travellers' Bungalows.

"The furniture in these is of the poorest possible description and complaints are very numerous."

Arrangements are being made to ascertain the wants in each Bungalow, in accordance with the Chief Engineer's Circular No. 57, dated 20th June 1893.

"New Bungalow at or near Kumbarhalli on the Belur-Gonebede road would be very useful."

The Executive Engineer informed the Board that, an Inspection Lodge is proposed to be built at Kumbarahalli, for Government officers. The Board recognized the necessity of a Bungalow for accommodation of travellers also and resolved that the matter may be considered in its due course.

Belur Gonebede road.

Resolution.—Noted and recorded.

"The road is not better. There is much room for improvement."

Kerodi Banawasi Kattaya Sukrawarsante roads.

"I regret that as the members who complained have not furnished us with details of where these roads are in a bad state, we have been unable to do anything. There appears to be some confusion as to the names of the roads."

The Executive Engineer has not found the road particularly bad any where. On a similar representation to him, he has called for fuller information. On such information being given, necessary action will be taken. The road is called the *Kattaya Hullibail road*, and not *Kattaya Sukrawarsante*.

Hosur Gonibide road.

"Is still under consideration as has been the case for a long time. The Executive Engineer is believed to favor a trace which would not be approved of by the Association, as it would only benefit a few Native Estates, whereas, if it came from Arehalli to which point the old trace is put in order *via* Guragihalli, Umbalagode, Hosahalli and Kumbarahalli, many members would subscribe."

The Board will be glad to be informed of the amount of subscription which can be calculated upon from the members referred to, with a view of deciding whether this section may not be preferentially taken, if sufficiently decent contributions are made. After ascertaining the amount of contribution, the Executive Engineer will inspect the line and the subject will be finally considered by the Board.

III. Read Government Proceedings No. 850, dated 25th May last, (Muzrai), requesting the Deputy Commissioner to place the question of taking up the Musafarkhana built by Mr. Tiruvengada Mudaliyar, late Amildar, at Arkalgud, before the Board for consideration.

Mr. Krishnappa, Amildar, informed the board that, the building is a small one and that there is no necessity for additional accommodation to the public, since there is a Chattram built by Mr. Rangappa, late Amildar, near the Fort, besides two other Chattrams in the Petta. The building was also stated to have cost only about one-hundred rupees.

The Board discussed the question fully and resolved that there being sufficient accommodation for the travelling public at the place, it is not desirable to take over the building to its custody.

IV. Read petition dated 10th Instant, presented by the inhabitants of the Hassan Town, praying for the establishment of a Native Hospital.

The board considered that the question is a premature one and that in the present financial condition, the Board, at present, cannot afford the maintenance of an Hospital like the one prayed for.

V. The Receipt and Disbursement account for the year ending 30th June 1893, as per accompanying list was placed before the Board, intimating at the same time that, the expenditure under Civil charges does not include the cost under certain items for the months of May and June, as the adjustment memoranda have not yet been received from the Comptroller.

Resolved that the account be passed and that the Comptroller be addressed to intimate the balance at the close of the year.

VI. Read Chief Engineer's Docket No. 2687, dated 19th June last, to the address of the Executive Engineer, declining to sanction the estimate submitted for improving the track from Arehalli to Bikkode. Read also paras 7 and 25 of Government Proceedings No. 17529-35—L. F. 203-92, dated 24th April last cancelling provision for road from Yeslur to Changadihalli.

The Board observed that, owing to the grant of Rs. 20,261 for the incomplete works of 1891-92, including the Rs. 5,000 for the Belur bridge from the District Fund balance, there has been an insufficiency of funds to meet these urgent works, which demand immediate attention and which were therefore provided in the Budget for 1893-94. The Board regrets that the provisions have been struck off from the Budget. The cost of constructing the Bridge at Belur, having all along been met from special grants, out of Local Funds General,

1 *Arehalli-Bikkode road. ing all along been met from special grants, out of Local Funds General, the Board resolved to submit a representation to Government, praying that the sum of Rs. 5,000 may be met similarly from special grants to the bridge work and that sanction may be accorded for appropriating that amount on the original works noted in the margin for which estimates are ready in accordance with the resolutions of the Board.

VII. Read Forest Inspector General's Docket No. 94-4, dated 11th Instant, in the matter of opening out a road from a point in Kattaya Hallibail road Baktarvalli plantation.

The Board considers that the road in question, is not of much use, except for Forest purposes and as such resolved, that it is not at present so pressing as other roads and that therefore it is not now possible to contribute towards the work in question.

IX. Read Government Notification No. 76, dated 14th May 1891, para 4, in the matter of deputing 2 members of the Board for the Dasara Representative Assembly, at Mysore.

Resolved that Messrs. Venkataramaiya of Konanur and Venkatesaiya of Banavar be selected for representing the Board, at the Assembly.

X. Read Executive Engineer's Docket No. 541, dated 23rd Instant, applying for a grant of Rs. 12,006 for the Belur Bridge work, for the current year.

Under the representations contained in Resolution No. VI, the Board resolved to respectfully urge the Government for sanctioning the amount as special grants from Local Fund General, as hitherto, as there is hardly any sum available at the credit of the Board for the purpose.

XI. Read letter No. , dated 24th Instant, from Mr. A. R. Park, agent of Mr. J. S. Middleton of Kadamane Estate, furnishing the particulars regarding the Kadamane Maranahalli road, desired in resolution No. 11 of the Proceedings, dated 29th April last.

The Board observed that Mr. Middleton was allowed Rs. 100 annually for maintaining the road prior to 1877 and that this was withheld. The Board wished to ascertain the circumstances under which the grant was stopped and resolved to postpone the consideration of the subject till the next meeting of the Board.

XII. Read Executive Engineer's Docket No. 542, dated 26th Instant, submitting a statement of incomplete works of 1892-93, requiring appropriation for 1893-94.

The Board observe that there are 14 works requiring grant to the extent of Rs. 16,751. Resolved that the same be accepted and the Government addressed to sanction appropriation.

XIII. The President informed the Board of the grant of Rs. 4,000 for the sanitation of rural parts for the current year.

After discussion it was decided that the undermentioned Villages be first taken up and the requisite measures adopted—

- | | |
|------------------|-----------------|
| 1. Yesalur. | 4. Buvanahalli. |
| 2. Ramanathapur. | 5. Javagal. |
| 3. Halebede. | 6. Nuggehalli. |

Resolved that estimates for the purpose of bettering the sanitation of these places be called for and sanctioned, as the works to be done have already been defined.

XIV. Mr. Tammaiya informed the Board, that the Hospital Assistant at Belur, is often called away to outlying Villages and there will be none to prescribe medicines to the patients attending the Hospital during his absence. Mr. Krishnaswami Iyer, Assistant Surgeon, explained that Diaries in such instances are received by him from the Hospital Assistants. The Board considers that the Hospital Assistants should not be absent for a prolonged time and requested the Assistant Surgeon to examine the urgency of the cases for which Hospital Assistants were away and issue needful instructions to them in the matter.
